

RESIST ALT-RIGHT AND STATE TERROR

On June 10th, 'Act for America,' a notorious anti-Muslim hate group, has organized rallies across the US against "Sharia Law," and the 'threat' that it poses to the American population. In reality, the rallies are an attempt to tap into the growth of the *alt-right*—a collection of white nationalists, neo-Nazis, Trump supporters, and militia groups. The events are being organized in partnership with alt-right groups such as the Proud Boys and militia groups such as the Oath Keepers and III%ers are expected to do security. ACT for America has a history of spewing racist anti-Muslim rhetoric. In Texas in February, ACT chapter leader Roy White was fired for refusing to cancel a meeting designed to show activists how to "shut down mosques." A week earlier in North Carolina, ACT member Robert Goodwill was recorded by a reporter in a conversation with a man who argued that all Muslims in America should be killed. Goodwill's response to the repeated calls to murder Muslims was "we're not there yet." ACT also has established links to the white nationalist alt-right and its leaders regularly attempt to normalize the view that Muslims in general should be barred from the United States and driven out of the country, while simultaneously holding authoritarian Christian views themselves.

LET US COME TOGETHER TO OPPOSE THESE GROUPS AND THE SYSTEMS OF DOMINATION AND WHITE SUPREMACY THAT THEY SEEK TO UPHOLD!
